

# Application for Sponsorship Form

The ASA Management Committee, being mindful of both the benefits we gain from the Annual Conference and its associated cost burden on some schools, is offering a limited number of sponsored places to attend our conference. The main form of sponsorship covers Full Conference Registration. However, in cases of significant financial hardship for a school, ASA will consider covering travel to/from the conference venue AND/OR accommodation during the conference. This is to assist Heads of Schools and their Deputies, Senior Staff, Chaplains, Religious Educators, boarding and pastoral leaders in Australian Member schools who have been unable to attend an Annual Conference, or whose school budgets for professional learning would otherwise prevent attendance.

Applicants are asked to complete the form below, to be approved by the Principal, and forward it to the ASA Secretariat (see below) by **Tuesday 30 June 2020**.
